PT-141 Research PT-141 and Sexual Arousal. PT-141 is a unique peptide in that it stimulates the MC-4R, which is known to produce sexual arousal in the central nervous system and influence sexual behavior [1], [2]. Studies in mice have shown that agonist binding to MC-4R causes sexual arousal and increased copulation in both males and females [3], [4]. Because PT-141 works via a different mechanism ...

[Buy Peptides: Peptide Information](#) PT-141 | 10mg. Rated 4.60 out of 5 based on 5 customer ratings. ( 5 customer reviews) \$ 45.00. Order PT 141 10mg now, only \$47.50. <http://juliedesantomft.com/advert/orale-steroid-fur-anfanger-cheap-anabolic-steroids-nzyco9o6c/> PT-141 for Women's Libido. PT-141 is a Melanocortin peptide. It helps address the issue of sexual dysfunction, for females and males. It helps women who have sexual arousal disorders and men with erectile dysfunction. This medical product can be an excellent alternative to Cialis or Viagra.

PT-141 is a cyclic lactam heptapeptide analog of MSH or melanocyte-stimulating hormone. It is an active metabolite of Melanotan 2 peptide. But PT 141 does not drastically push an increase in pigment development unlike Melanotan 2. Instead, PT-141 mostly stimulates libido and powerfully in arousal and performance in both men and women. Storage. Lyophilized Bremelanotide (PT141) is stable at room temperature for 90 days, however it should be stored in a freezer below -8C for any extended period of time. After reconstituting Bremelanotide (PT141) should be refrigerated at temperatures not to exceed 36 F. WARNING. This product is a lyophilized peptide for research use only. PT-141 nasal spray . 15ml has 10mg PT-141 Peptide; 25ml has 25mg PT-141 Peptide; The Palatin Technologies develop the PT-141 Bremelanotide Peptide Vial. It is developed primarily for the treatment of FSD (female sexual dysfunction), male ED (erectile dysfunction), hemorrhagic shock as well as reperfusion injury. PT-141, which is also referred to as Elabremnotide, is a peptide commonly used to solve sexual dysfunction, primarily in males. However, when you buy PT-141 (elabremnotide) and consume it, it can also lead to increased muscle gains, boost your strength and energy, and make your skin tone deeper, thus giving you a natural tan. <https://www.cuvado.com/advert/buy-tri-tren-150-online-store-accept-crypto-mhzzqvh/>
