250-1000mg weekly is very typical with this drug, with the average being around 1-amp per day; as with any drug, some used higher dosages. Excellent results were always realized with a dosage of 500-750mg every 7-10 days. Women should not use this product, of course, and none have reported doing so, all due to virilizing effects. Sustanon 250 Organon (250 mg/ml) 1 ml Production Sustanon 250 Organon (Pakistan) - a potent steroid agent is a mixture of esters of testosterone four effective. The base formulation comprises 100 mg testosterone decanoate, testosterone izokaproato 60 mg, testosterone phenylpropionate (also 60 mg) and testosterone propionate (exactly 30 mg). Sustanon is usually injected at least once a week., which can be stretched up to 10 days. The dosage in bodybuilding and powerlifting ranges from 250 mg every 14 days up to 1000 mg or more per day. Since such high dosages

are not recommended and unfortunately are also not taken in most cases the rule is 250-1000 mg / week . Sustanon 250 is an injectable oil dissolved in 4 - component consisting of the following four steroid testosterone: Testosterone decanoate - 100mg Isocaproate Testosterone - 60mg Testosterone phenylpropionate - 60 mg Testosterone Propionate - 30mg The basic idea of the Organon was to avoid the combination of four steroids with different half-life in the context of a testosterone replacement ...
