1. Everybody is different. It depends on your hormone deficiency how much you will need. 2. In my case I inject only 0.2 ml of 200mg testosterone cypionate per ml twice per week. By injecting twice per week the testosterone fluctuations are less. ... Find patient medical information for testosterone cypionate intramuscular on WebMD including its uses, side effects and safety, interactions, pictures, warnings and user ratings. Testosterone Cypionate. 100mg/ml or 200mg/ml in 10ml Multi-Dose Vials. ~ 7 Days. 50mg Twice per Week by IM/SQ. Delatestryl. Testosterone Enanthate. 200mg/ml in 5ml Multi-Dose Vials. ~ 7 Days. 50mg Twice per Week by IM/SQ. For example, if your TRT prescription was 200 mg of Testosterone Cypionate every week, despite the vial being labeled as 200 mg/ml, the Cypionate ester's molecular weight takes up 30% of that mg content, and cleaving the ester from the Testosterone molecule in the body leaves only 140 mg/ml, which is 70% of the stated label dosage.
