Testosterone Propionate 100mg 10 ampoules ZPHC. This ZPHC Testosterone Propionate solution for intramuscular injections is produced in 1 ml ampoules containing 100 mg of the active ingredient. Ampoules are protected by cardboard packs. Each of them includes 10 ampoules. Testosterone propionate is the preferred steroid drug when compared to others. On a daily dosage of 50-100mg, there is low water retention and the active ingredient present provides a shield against the breakdown of muscles in the diet. A small dose of Zinc at a dosage of 150mg/day will help alleviate the little water retention experienced.
